- Global Winner for DECA Idea Challenge 2016, Global Entrepreneurship Week. Reused plastic bottle as a multi-purpose gardening tool and won USD 700.

EDUCATION

Bachelor of Computer Science

The University of Waterloo

All India Secondary School Examination

Amity International School

Graduated: May 2019

Cumulative Percentage: 98%

SKILLS

- Languages
 - Java, Flutter + Dart, SQL, Bash, Scheme, Web (HTML, CSS, JS, and PHP), and Python.
- Tools

Android, Node.js, MongoDB, Git, Google Firebase, Adobe After Effects, Google Cloud, IBM Watson, and Microsoft Azure.

PROJECTS

Practikality

- A three tier Android app, focused on helping the differently-abled communicate better with others.
- VOICE: Built for the mute.
 Recognizes emotions of a message through sentimental analysis and manipulates output to match human speech.
- EASI: Built for the deaf.
 Helps deaf interpret speech by displaying signs from a user-created library, eliminating the need to learn ASL.
- VISION: Built for the blind.
 Integrates facial recognition, environmental analysis and educational assistance to make their lives more independent.

Taskout: Your to-do by others

- Cross-platform task management app made using Flutter + Dart and Node.js.
- Assign tasks to others for project management, collaborations, or simple day-to-day tasks.
- Send pin-secured tasks to guests; no need for signing-up.

Healr

- Android app to assist medical waste collection in-exchange for in-app credits.
- Includes medication dosage, stock and prescription tracking.

Encryptid

- A text-based competitive trivia game available as a web-app.
- Uses custom API callbacks to manage the MongoDB database.

HONORS & AWARDS

- Presidential Scholarship of Distinction University of Waterloo.
- Chairperson's Scholarship of Excellence Amity International School.
- Duke of Edinburgh's Bronze Medal.
